On July 16, 1921, the United States attorney for the Northern District of Texas, acting upon a report by the Secretary of Agriculture, filed in the District Court of the United States for said district an information against the Texas Carlsbad Water Co., a corporation, Mineral Wells, Tex., alleging shipment by said company, in violation of the Food and Drugs Act, on or about February 16, 1920, from the State of Texas into the State of Louisiana, of a quantity of mineral water which was adulterated. The article was labeled in part: "Mineral Wells Texas Carlsbad Water * * * From Mineral Wells, Texas. Address Texas Carlsbad Water Co."

Analysis of a sample of the article by the Bureau of Chemistry of this department showed that it was polluted.

Adulteration of the article was alleged in the information for the reason that it consisted in whole or in part of a filthy and decomposed animal or vegetable substance.

On December 14, 1923, a plea of guilty to the information was entered on behalf of the defendant company, and the court imposed a fine of \$50.
